Dear Summary Justice Unit Manager

Thank you for your letter dated 27/08/2026.

However unfortunately, as I was saying to Mr Waters, the constable who arrested me, when I asked why he was on his own in the car...?

He replied:

"Mate, we don't have two police for every car anymore...we are well understaffed".

I said:

"you know why that is don't you?"

It's because all the rest have been removed from duty over the last 7+ years, for a plethora of crimes, most are currently in FEMA camps up and down the country, and the rest were executed long ago for crimes against children & facilitating GENOCIDE with the COVID Bioweapon "Vaccine" rollout in 2021, amongst many other crimes.

You will have noticed that the **‘Top Brass’** started disappearing 2015-2021 – That’s why the offices have been so empty for so long, and every day more and more lower ranking police are being removed.

Now they are working on you guys, the ‘sub-minion-level’, personnel who are:

“Just doing my Job”.

This is why you have only **one** police constable in each car, and it’s also the same reason that the **ONLY** crime you guys attend these days, is Domestic.

Your Bosses from the very TOP-DOWN, men & women alike, were **ALL** 33rd Degree Freemasons, & in positions of Power, people such as Kimberly McQuilkin & Sir Mark Rowley (as well as the rest, but to give you just two faces) – they worked alongside the 33rd Degree Freemasonic Judiciary, Judges, Barristers, Magistrates, from floor-to-ceiling, these work with Freemasons in Social Services, CAFCASS, Education, Technology, Media, History, Science Industry, Leisure, Sport Manufacturing, Agriculture, Finance, Marketing etc etc.....

But to become a 33rd degree Freemason in the First place, you need to **Sacrifice** a human child, on camera at a ceremony & witnessed by many others who have already done the same to get where they are in their career ladder.

Freemasons are good people, *‘mostly’* but that is the ‘public face of the lower echelons of freemasonry, only. (The old War veterans collecting money for the Rotary Club, etc)

They cherry pick the **bad apples** by ‘initiation ceremonies’, and these are the ones who are needed to be ‘controllable’ in key senior positions in all sectors, such as all of the Courts, All of the Police, ALL of Education, all of Finance, all of media, all of sport

you see it’s because they only want the bad apples at the top of the pile because they are corruptible ones proven by their lack of shame when going through with these initiation rituals, these ceremonies are **always humiliating**, its essential that they are to show devotion, and once you have killed a human child, witnessed by many others, and ‘on camera’, you are *‘in the pocket’* of your Masters forever more, so to speak.

This is how society was run by the puppet masters via the heads of key government sectors.

You see, **‘some’** people will only go **‘so far’** at these initiations. In the higher initiations, homosexual acts & bestiality are involved. To not proceed with initiation at each level, no matter how strange it may seem, means that that’s the level you stay at in Freemasonry forever more.

This is the reason that your Grandad might have been a Freemason, and he was a lovely guy who never progressed up past 6th Degree of Freemasonry in the 30 years he was a Freemason.

But for those that *will* do anything to climb higher in the 'Craft' of Freemasonry, they will need to complete **all** tasks asked of them. At 29th degree, the initiate will find out that Satanism has a role in Freemasonry (*many will realise this themselves way earlier*) but 29th degree involves pledges to Satan, and for the 33rd Ceremony, a human baby newly born is selected.

They use a newborn, not only because it is the purest innocence, but because for 'most' new initiates, this will be the first human that they have ever killed, so to have to kill a 5year old child that is kicking and screaming with terror in its eyes, looking at you holding a knife with no clothes on in a room full of hooded people watching.....which is what happens at these events...

So they use a newborn as it's a lot less hassle, less traumatic for your poor police chief to have to go thru in the rise to fame and riches – they just have to slowly cut the baby's head off, it saves them chasing a terrified & screaming 5-year-old round the room for 20 minutes beforehand. But don't worry, they get used to sacrifice, a baby is first, then its on to the older children as they acclimatise to murder.

'They' like them for sacrifice up to age 15 because after 15, Adrenochrome, which is what they mostly need, tails-off with the introduction of 'Anger' – You see the 'Fight/Flight' emotion is engaged during torture, but the child will be strapped into a chair like a Dentist Chair, and therefore unable to move, so the adrenalin is pumping around the child victims body, but the child cant flee, its tied to the operating Chair.

The torture goes on for 3-4 hours a day, for 3-4 days, and on day 2, the child has no skin whatsoever left on its body, its face has been cut off, its hair scalped, its hands and feet smashed to bits with a claw hammer, because this is one of the worst agony's imaginable.....

A skilled Satanic Priest can keep a small child alive for up to 4 days with little to no pain relief (because that taints the Adrenochrome and it becomes less potent)

Adrenochrome needs to come from pure unadulterated **FEAR**, not **ANGER**....so for adrenochrome they prefer a child between 4yrs & 14, as a for instance is unable to recognise so much a happy face vs a angry face as they are still workingthe basics out, so the fear will be less, more tears of confusion that fear, and that's no good, they need pure fear for valuable Adrenochrome.

But **All** your Police Chiefs in **EVERY** station, not just **YOUR STATION**, **ALL** of them, they killed a Baby for their first kill, for the reasons above. That's why you have all had new Chiefs and heads over 10+ years, because the previous **Chiefs IN EVERY SINGLE**

STATION all had to Kill Children to be in the Job for the reasons iv just said + more, and they **ALL** had to do it regularly all thru the year at Public Holidays such as Easter, Halloween, Christmas, Thanks Giving etc etc, whatever culture or country you were in, not just the UK, every country (about 200 country's of the 2009 country's we have had Freemasonry in charge of its policing & Politics, education & agriculture.)

This is how Freemasonry was used by the so called 'Elites' to control situations in courts, police stations, prisons, every industry, because **every** industry had freemasons in charge of it, even Sport and Marketing, food, Big Pharma, Policing, the Army etc.

Interestingly, those of you who have not resigned **before** the time comes (have you had your 'Stand-Down' dates yet?) will be arrested **not** by British Military personnel, but by Foreign Military units. These are the so called "Asylum Seekers" that were staying in Government funded hotels for the last 9+ years.....they are **NOT** asylum seekers, they are all foreign military units.

These people will be arresting you police and Social Service staff, Teachers, GPs etc etc etc who were: **"Just doing my Job"** In a minute when they throw another virus at you all

You will be told again soon that there is a 'New Virus', and you will be told to enforce the same rules as before.....and you are being watched this time same as before, to make sure you get a fair trial

You see unbeknownst to you guys, after "Died Suddenly" in 2022, any GP, Doctor, Teacher, Nurse, Consultant, Police, Social Service worker, CAFCASS employee.....**ALL** government sector staff in **ALL** capacities, had an option.

Stay in their: **'Public Office'** role, and 'roll with it' (pardon the pun), or leave and look for different work/careers to pay their bills.

Let me assure you, most stayed & rolled-with-it, most also told others to get the jab, even thought they didn't take one themselves. Some of these people are already executed, the rest will follow at the Military Lockdown shortly.

In the last 9+ years a lot of new staff have come and gone from your policing places of work, your stations all over the place, some have come and stayed,....some of these are military staff in police uniforms, they have been helping find the **'bad apples'** amongst the police still in active duty.

You see after the 1st January 1973, **EVERY** Act, Statute, & Policy, was, from that moment onwards **NULL & VOID**, because the then Queen, Ted heath and a few other conspirators, unlawfully took the country into the EEC without asking the publics opinion.

You can see for yourself in a previously Classified Document called: “**FC0-30/1048**” it was classified Top Secret for 32 years until 1991 I believe from memory. (it’s available in the public domain as a searchable Pdf document, or I can supply it for you)

So you see that the “**Road Traffic Act 1988**” is itself **NULL & VOID**, and therefore to enforce a **FRAUDULANT ACT**, which is **NULL & VOID**, makes you, and those involved, guilty of:

Aiding and Abetting in a Treasonous Act

Trying To Obtain Money Via Deception

Malfeasance/Misfeasance/Nonfeasance in Public Office

AND/or;

Gross Misconduct (&/or; in Public Office.)

Which, as you will ALL be fully AWARE, are very serious crimes, **ESPECIALLY when the perpetrator/s is in a position of ‘PUBLIC OFFICE’**

This is where all the police went these last few years, and why more are joining them daily.

So, I would like to see a Magistrate about this case as soon as possible, as, I’m sure you can imagine, I have a lot of questions for him/her/They/Them.....such as why are they themselves continuing to **COMMIT CRIME such as that listed above???**

You job will see you arrested very soon within the next 6 months, even you nice police, like Mr Waters who stopped me the other day, but you are all still enforcing fraudulent Acts, Statutes, & Policy’s.....this alone is **Unlawful**.

What you will need to do
IS TO STAND-DOWN, NOW.
TODAY.

My windscreen was fixed the next day, I will **NOT** be paying any money for a stupid course, and if you want to put points on my licence, or some silly 'Drug' charge, or try to '**Obtain money via deception**' in other ways, be aware that I am in the cannabis industry, I have cured 10+ people of terminal cancer when the hospital failed with Chemo. The youngest was a 6yr old girl, the oldest an 83 year old man.

These 10 are Consultant confirmed cures, there is nothing I don't know about cannabis and I am a world expert on it and in fact it was I myself who pioneered (& **STILL** Pioneer) C.I.T (*Cannabinoid Intervention Therapy*) for poorly people and sick children with cancer, Epilepsy & M.S. So, I don't want to hear nothing more about cannabis from the police ever again. Because your knowledge, and the 'law' itself is utterly clueless about it, whereas I am a worldwide recognised authority on the subject. If you need an expert's opinion on cannabis, you need to ask me.

I could go on breaking it down into smaller chunks & into finer & finer detail, and I am happy to if you want?

And, just for the record, Mr Waters said: "*It says here that you are aggressive towards the police*, Leon?"

I'm not aggressive.....

In 3 years I have been assaulted by the police on two separate occasions WHILST in the process of **politely complying**. I have the footage of both incidents if you want to see?

I was assaulted by 3 constables in March this year, 1 caused a Grievous Injury on my face, drawing blood (Section 18 GBH) whilst I was proffering my open hand with the van key for him, 3 assaulted me on camera, I recorded the whole thing myself with my dash cam - I have an official IPOC complaint going on with it at the moment, and strangely, the constables involved in that incident, and the hierarchy of Colchester Police have gone pretty quiet on the subject. Strange how if I caused 'Section 18 GBH' on a police constable I would be immediately charged with Section 18 GBH, yet when it happens to the public *by* the police, it seems to be totally fine, forming part of 'standard' police policy?....

The incident before involving 14 police who broke in my home without a warrant and assaulted me with batons & Parvo, merely because I pointed out that if they have no warrant then I'm not letting them in, which is completely lawful, that's how it works.... so 'unlawful entry' is the least they will be charged with – That enraged Four of them, to the embarrassment of the other 10 who stood watching.....4 assaulted me on camera while my 73-year-old mother was recording it all on her mobile phone.....needless to say, they were sacked shortly after, and currently being sued, by me....

So, it's not the police I don't like, its wankers who use perceived power to incite trouble for fun, personal gain, or for the collection of revenue unlawfully.

Millions of the public are waking up & seeing through police tactics for 'Joinder' etc....its all-underhanded tactics to access *Cestui Que* 1666 Birth Scam Bonds. And we all found out about it.

Your bosses left you guys holding the can as far as the public are concerned. Your bosses are long gone, the public will find out soon, and then they will turn on what's left of the police.....for failing to prevent **GENOCIDE** as merely **ONE BLATANT** Police Failure.

You guys can't hide anymore, this is the behaviour that is seeing you all taken off the streets and arrested - the public know what's going on, bring yourselves up to speed with what going on in YOUR industry: www.christian21.com – it's all explained on there so that small children can understand.

So now you actually know why you are all so desperately understaffed these days and continuing to enforce fraudulent Acts/Statutes, & Policy's will see you even more understaffed because.

ALSO....let me ask what you have done about this case, which we, The People, have gathered **ALL** the evidence for...

PRIVATE AND CONFIDENTIAL SERIOUS CONSTITUTIONAL FAILINGS UNDERMINING THE RULE OF LAW, WITH BEARING ON NATIONAL SECURITY AND MATTERS OF OVERWHELMING PUBLIC INTEREST

Date: 18 November 2025 To:

- (1) The Lady Chief Justice of England and Wales (Baroness Sue Carr)
- (2) The Secretary of State for Justice (The Right Honourable David Lammy MP)
- (3) The Attorney General for England and Wales (Baron Richard Hermer) (
- 4) The Chair of the Public Administration and Constitutional Affairs Committee (PACAC) (The Right Honourable Simon Hoare MP)
- (5) Commissioner of the Metropolitan Police Service (Sir Mark Rowley) Re: CRN 6029679/21 - Proven Criminal and Constitutional Violations Connected to Operation Talla

This correspondence brings to your notice and attention damning evidence of unlawful conduct, systematic concealment and constitutional collapse within policing, government and the justice system.

The evidence establishes beyond doubt that Crime Reference Number 6029679/21 was unlawfully shut down, outside all statutory frameworks and under the influence of a national command structure which extinguished investigative independence across the United Kingdom.

What follows is not speculation, suggestion, or belief.

The evidence within our possession proves this. 1. CRN 6029679/21 –

The Evidence Proves This Crime Report Was Never fully Investigated in Accordance with Statutory Duties The following facts are now beyond dispute:

- More than 400 victim, witness, expert and whistleblower statements were submitted.
- Not one victim, witness, whistleblower or expert was contacted
- No investigative steps whatsoever were properly pursued in accordance with statutory requirements.
- The case was closed by Deputy Assistant Commissioner Jane Connors and Detective Superintendent Tor Garnett.

- The closure coincided exactly with national commands issued under Operation Talla.
- The Speirs Directive of 25 January 2022 explicitly ordered police staff not to accept or record vaccine related crime reports. This is established as fact through documentation held by Police Scotland, obtained via FOI and corroborated by multiple NPCC admissions. The crime report must now be re-opened immediately, in full compliance with:

- the National Crime Recording Standard,
- the Criminal Procedure and Investigations Act 1996,
- the Code for Crown Prosecutors and
- Article 2 ECHR obligations. Failure to do so would compound the criminality

2. Criminal Investigation Into the Unlawful Closure of CRN 6029679/21 As matters of fact, the following criminal offences have been committed:

- Perverting the course of justice
- Misconduct in public office
- Nonfeasance in public office
- Misfeasance in public office
- Assisting offenders
- Corporate and negligence offences These offences were committed by named senior police officers, Members of Parliament and regulatory officials. The question is not “whether” these crimes were committed. The question is: Why were these crimes committed and under whose authority? And specifically: Why were all vaccine-related crime reports, including CRN 6029679/21, shut down under an unlawful national directive?

The evidence demonstrates a deliberate, coordinated pattern that cannot be reconciled with lawful policing or independent criminal investigation. Right across the UK, there are very many victims of these crimes (both those reported in the case of CRN 6029679/21 and in consequence, also the crimes relating to its unlawful and unconstitutional closure). These victims are entitled to remedy, redress and accountability and it is intolerable that these people have been and are continuing to be substantially ignored by those who have stood aside from their duties of protection. 3. Operation Talla and the Speirs Directive - National Command Interference Established The Speirs Directive, along with additional documentary evidence, proves that Operation Talla was not a “coordination framework” but a national command structure which:

- issued instructions on the advice of the NPCC,
- transmitted those instructions via UK Gold Command,
- unlawfully directed forces to suppress entire categories of crime reporting,
- operated across England, Wales, Scotland and Northern Ireland, ignoring devolved policing structures. This is not conjecture. This is evidenced, documented and verified. Police Scotland disclosed the directive in full. No English or Welsh police force has done so, because:
 - they refuse,
 - they obstruct,
 - or they label lawful FOI requests as “vexatious.” The Police Scotland disclosure is the unfiltered directive. It directly contradicts public statements and sworn Covid Inquiry testimony by senior policing leaders.

4. Constitutional Collapse - Established by Evidence This matter now engages:

- the independence of policing across the UK,
- unlawful national command interference,
- systemic obstruction of criminal investigations,
- breaches of CPIA 1996,
- breaches of the duty of candour,
- breaches of Articles 2, 3, 5 and 6 of the Human Rights Act 1998,
- and the integrity of judicial decision-making. The evidence proves a systemic collapse of constitutional safeguards and the rule of law. This is not expressed as possibility. This is a demonstrated reality.

5. Background - The Record Must Be Stated Clearly

5.1 Covid Inquiry The Covid Inquiry has repeatedly confirmed that criminal conduct falls outside its remit and must be reported to the police. This was done. The police refused to investigate because they were ordered not to.

5.2 Judicial Review A Judicial Review was sought to compel a lawful investigation. The JR was refused. The appeal was refused. It is now proven that the Metropolitan Police:

- withheld reference to Operation Talla,
 - withheld the Speirs Directive,
 - withheld their CPIA obligations,
 - withheld the fact that national instructions had shut down all related crime reports.
- The Court ruled without the evidence it was entitled to. The Police's omissions led to a judgment based on material non-disclosure, causing constitutional harm and obstructing justice.

5.3 HMICFRS Report - April 2021 The HM Inspectorate of Constabulary confirmed:

- the police misinterpreted government guidance as law
- officers believed ministerial instructions were binding law,
- police acted as coercive agents of government. HMICFRS warned: "The police must be seen to be enforcing criminal law, not to appear to act as the coercive agents of ministers."

These findings are consistent with and reinforce, the documented national suppression of criminal reporting under Operation Talla. We must also add, that the House of Lords Constitution Committee, in June 2021, had then delivered a damning indictment of policing during the pandemic [The 3rd Report by the Select Committee on the Constitution, of Session 2021–22 refers], stating unequivocally that, "public health advice was incorrectly enforced by the police as though it were law." This is a formal parliamentary finding that UK policing acted ultra vires, unlawfully restricting civil liberties, violating Articles 5 and 6 ECHR and executing arrests and prosecutions without statutory basis.

The evidence we hold confirms that this same unlawful policing culture was not accidental but operationalised, expanded and enforced through Operation Talla, culminating in the suppression of criminal reports, including the unlawful shutdown of CRN 6029679/21.

6. How This Matter Now Needs to Proceed Given the criminality, concealment and constitutional implications, this matter cannot be delegated to subordinates. We require a direct response from each of you: What steps will you now take and by what mechanism, to address these criminal and constitutional violations?

A meeting must now take place. We will attend jointly to outline the evidence and for next steps to be confirmed.

Our evidential dossier cannot be provided in advance, for it to be reviewed prior to such a meeting. The dossier will be provided in person, at the meeting, to the appropriate constitutional officeholders.

7. Required Response We now request that you:

1. Acknowledge receipt

2. Confirm your position and intended action within seven days of receiving this correspondence. The gravity of these issues and their implications for constitutional stability, national security and the rule of law, requires immediate and direct action.

Every other avenue of reporting has been exhausted and involved institutions have simply engaged in a circular loop of non-accountability, which is why this current correspondence to yourselves is an essential step. We await your response.

So, if you could also let me know why this case was **UNLAWFULLY SHUT DOWN** by the POLICE....

Re: CRN 6029679/21

Because this is actually **REAL CRIME**.....& I'd like to know what **YOU** plan on doing about it? Or is your job these days to just collect revenue by unlawful means, and turn a blind eye to **GENOCIDE**?

Perhaps you can let me know?

Many thanks & kind regards
